

# CUMULATIVE SUBJECT INDEX

## VOLUME 22

\* Indicates original article.

### ABORTION

- personality, life situation, and communication as factors in habitual, 243

### ACTH

- in treatment of acute neurologic disorders, 255

### ADDICTION

- alcoholic-narcotic addict, 239

### ADOLESCENTS

- comparison of childhood, adolescent, and adult schizophrenias: etiologic significance of intellectual functioning, 119
- school phobia in: manifestation of severe character disturbance, 123

### AGED—See Geriatrics.

### ALCOHOL

- psychological and physiological changes at intravenously induced slurred speech threshold for ethyl alcohol, 7\*

### ALCOHOLISM

- alcoholic-narcotic addict, 239
- biological approach to etiology of, 184
- Center of Alcohol Studies, Yale University, 234
- comparative study of promazine and trifluoromazine in treatment of acute, 51
- electroencephalogram in chronic, 251
- etiology of, 116
- LSD-25 in treatment of, 247
- procrastination in, 240
- psychoanalytic theory of alcohol addiction, 184
- psychological meaning of disulfiram (Antabuse) therapy: case of disulfiram-induced psychosis, 131
- trifluoperazine in delirium tremens, 60

### AMITRIPTYLINE

- as therapy for depressive reactions, 193

### AMNESIA

- guilt and, 183

### ANIMISM

- observations on, 241

### ANOREXIA NERVOSA

- potassium deficiency in, with reference to renal tubular vacuolation, 124

### ARTHRITIS

- rheumatoid neuropathy, 142

### ASTHMA

- personality characteristics of asthmatic children, 122

### BEHAVIOR

- differences in, between brain-injured and brain-deficit children, 253
- prolonged behavioral disturbances as ictal phenomena, 65
- psychoanalysis as unified theory of human, 190

- pupillary reaction as measure of adrenergic-cholinergic mechanisms in study of psychotic, 64
- scrupulosity: religion and obsessive-compulsive behavior in children, 186
- ward behavior rating scale for mental hospital patients, 126

### BELL'S PALSY

- medical emergency, 142

### BLOOD VESSELS

- cerebral hemodynamics of syncope, 249
- cerebrovascular disease: analysis of 600 cases, 63
- development and distribution of gross atherosclerotic lesions at cervical carotid bifurcation, 249
- foreign body emboli following cerebral angiography, 204
- intracranial lesions simulating cerebral thrombosis, 137
- ischemic neuropathy in necrotizing arteritis, 69
- little stroke, 249
- occlusive vascular disease in extracranial cerebral circulation, 203
- presenile psychoses and cerebral arteriosclerosis: pathogenic considerations, 54
- septic thrombosis of cavernous sinus, 133
- serial electroencephalography in brain tumors and cerebrovascular accidents, 67

### BODY IMAGE

- revelance of, to neurosis, 52

### BOOK REVIEWS

- From Adolescent to Adult, 257
- Alcoholism: An Interdisciplinary Approach, 205
- Anatomy (The) of Judgment, 204
- Discussion on Child Development, 207
- Etiology (The) of Schizophrenia, 70
- Free Association—Memoirs of a Psychoanalyst, 71
- Language and Psychology, 206
- Law (The) of Medical Practice, 207
- My Unwelcome Guests, 144
- Observations on Direct Analysis: The Therapeutic Technique of Dr. John N. Rosen, 206
- Operational Values in Psychotherapy: A Conceptual Framework of Interpersonality, 204
- Premarital Dating Behavior, 71
- Psychoanalytic Concepts of Depression, 257
- Recent Developments in Psychoanalytic Child Therapy, 255
- Research Conference on Therapeutic Community, 144
- Roots (The) of Crime, 205

- Research Conference on Therapeutic Community, 144
- Roots (The) of Crime, 205

—Sourcebook in Psychology: A Course of Selected Reading by Authorities, 256

## BRAIN

- cerebellar syndrome in myxedema, 200
- familial occurrence of focal temporal electroencephalographic abnormalities, 139
- tentorial nerves and localization of intracranial pain in man, 134

### damage:

- behavioral differences between brain-injured and brain-deficit children, 253
- cerebral hemodynamics of syncope, 249
- correlation of autonomic and EEG components in temporal lobe epilepsy, 198
- effect of focal lesions of, on auditory and visual recent memory in man, 253
- foreign body emboli following cerebral angiography, 204
- little stroke, 249
- nerve fiber degeneration in, in amyotrophic lateral sclerosis, 251

### diseases:

- Bell's palsy: a medical emergency, 142
- cerebrovascular disease, 63
- intracranial lesions simulating cerebral thrombosis, 137
- metachromic form of diffuse cerebral sclerosis: significance of sulfatide and other lipid abnormalities in white matter and kidney, 132
- occlusive vascular disease in extracranial cerebral circulation, 203
- presenile psychoses and cerebral arteriosclerosis: pathogenic considerations, 54
- septic thrombosis of cavernous sinus, 133
- thought disorder in schizophrenia: Chapman's tests of distractibility and associative intrusion in schizophrenia and organic brain disease, 58

### tumors:

- EEG changes in brain stem ganglia in relation to deep subcortical tumors, 138
- electroencephalogram in subdural hematoma, 139
- extradural hematoma: observations on 125 cases, 141
- mental abnormalities following subdural hematoma, 140
- serial electroencephalography in brain tumors and cerebrovascular accidents, 67

## CENTRAL NERVOUS SYSTEM—See also Brain; Spinal Cord.

- fungus infections of, 68
- myoclonus: clinical significance and approach to classification, 142

## CEREBRAL PALSY

- genetic, metabolic, and clinical study of, 252

## CEREBROSPINAL FLUID

- cerebrospinal fluid enzymes as function of age: effect on significance of elevated values in diseases of nervous system, 65

## CHILDREN

- behavioral differences between brain-injured and brain-deficit, 253
- comparison of childhood, adolescent, and

adult schizophrenias: etiologic significance of intellectual functioning, 119

- emotional adjustment of mentally retarded, 242
- organic therapy in pediatric psychiatry, 243
- personality characteristics of asthmatic, 122
- “schizophrenogenic mothers,” 51
- scrupulosity: religion and obsessive-compulsive behavior in, 186

## CHLORDIAZEPOXIDE

- effect of, on specific symptoms of psychiatric patients and facilitation of psychotherapy, 79\*
- new psychotherapeutic agent, 195

## CHLORPROMAZINE

- comparison of thioridazine, trifluoperazine, chlorpromazine, and placebo in treatment of chronically hospitalized schizophrenic patients, 151\*
- constant and inconstant chlorpromazine administration over a period of six years, 61
- fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
- hyperpyrexia, coma, and death during therapy with, 163\*

## CHOLESTEROL

- nicotinic acid and metabolism of, 165\*

## DELIRIUM TREMENS

- trifluoperazine in, 60

## DEPRESSION

- amitriptyline therapy for depressive reactions, 193
- clinical and theoretical observations on phenelzine—anti-depressant agent, 89\*
- comparison between pharmacotherapy and electrotherapy for severe, 255
- isocarboxazide (Marplan) in treatment of, 247
- rating scale for, 127
- use and meaning of term, 52

## DIABETES MELLITUS

- basic elements of treatment of, 258

## DIASTEMATOMYELIA

- symptoms and diagnosis of, 67

## DISULFIRAM

- psychological meaning of disulfiram (Antabuse) therapy: case of disulfiram-induced psychosis, 131

## DRUGS—See also under specific drug.

- comparison between pharmacotherapy and electrotherapy for severe depression, 255
- comparison of tranquilizer and psychic energizer, 195
- evaluation of ataraxics in management of acute mental disturbances, 130
- impact of ataraxics on mental hospital outpatient clinic, 194
- pharmacologic basis of treatment of myasthenia gravis, 246
- psychic effects of psychotropic, 246

## EAR

- focal lesions of brain and auditory memory in man, 253

- vestibular disturbances in epilepsy, 66
- ELECTROENCEPHALOGRAPHY**
  - EEG changes in brain stem ganglia in relation to deep subcortical tumors, 138
  - evaluation of changes in EEG, in chronic alcoholism, 251
  - familial occurrence of focal temporal electroencephalographic abnormalities, 139
  - in general practice, 139
  - prolonged behavioral disturbances as ictal phenomena, 65
  - psychiatry and, 251
  - serial electroencephalography in brain tumors and cerebrovascular accidents, 67
  - in subdural hematoma, 139
- ELECTROTHERAPY**
  - comparison between pharmacotherapy and, in severe depression, 255
  - fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
- EMOTIONS**
  - emotional adjustment of mentally retarded children, 242
- EMPLOYMENT**
  - attitude of industrial employers toward hiring of former state mental hospital patients, 125
- ENCEPHALITIS**
  - in pathogenesis of epilepsy, 135
- EPILEPSY**
  - correlation of autonomic and EEG components in temporal lobe, 198
  - electroencephalography and post-traumatic, 199
  - encephalitis in pathogenesis of, 135
  - medico-legal aspects of post-traumatic, 115
  - observations on forty twin index cases with chronic epilepsy and their co-twins, 135
  - survey of epilepsies in general practice, 134
  - traumatic epilepsy after closed head injuries, 198
  - vestibular disturbances in, 66
- EYE**
  - focal lesions of brain and recent visual memory in man, 253
  - pupillary reaction as measure of adrenergic-cholinergic mechanisms in study of psychotic behavior, 64
- FACE**
  - Bell's palsy: a medical emergency, 142
- FETUSES**
  - fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
- FLUPHENAZINE**
  - in treatment of psychotic patients, 34\*
- FUNGUS DISEASES**
  - of central nervous system, 68
- GERIATRICS**
  - adjustment of discharged geriatric psychiatric patients, 186
  - chemotherapy in senile mental disturbances, 195
  - deep reflexes in old age, 196
  - evaluation of procaine in geriatric patients in mental hospital, 18\*
  - geriatric psychiatric patients in general hospital and mental hospital, 121
  - neurotic symptoms and predisposition in aging people, 120
  - presenile psychoses and cerebral arteriosclerosis: pathogenic considerations, 54
  - progressive loss of protective reflexes with advances in age, 185
  - timelessness and restitution in relation to creativity and aging process, 54
- GUILT**
  - amnesia and, 183
- HEAD**
  - duration of impaired consciousness as index of severity of closed injuries to, 252
  - psychophysiologic sequelae of injuries to, 200
  - traumatic epilepsy after closed head injuries, 198
- HEADACHES**
  - psychotherapy in migraine, 70
- HEREDITY**
  - familial occurrence of focal temporal electroencephalographic abnormalities, 139
  - genetic factors in schizophrenia, 121
- HERPES SIMPLEX**
  - trigeminal neuralgia and, 201
- HOMOSEXUALITY**
  - in man, parental relationships and, 240
  - syndrome of, in man, 241
- HOSPITALS**
  - causes of death in hospitalized veterans with neuropsychiatric disorders, 120
  - generalized hospital as focus in community psychiatry, 192
  - geriatric psychiatric patients in general hospital and mental hospital, 121
  - incidence of psychiatric illness among hospital out-patients: application of Cornell Medical Index, 55
- psychiatric:*
  - analysis of types of treatment, 60
  - evaluation of procaine for geriatric patients in, 18\*
  - impact of ataraxics on mental hospital outpatient clinic, 194
  - intensive short-term treatment in day care facility for prevention of rehospitalization of patients in community showing recurrence of psychotic symptoms, 59
  - new horizons in psychiatric hospitalization, 240
  - occupational therapy for long-term psychotic patients, 188
  - psychiatric halfway hostel: a Cambridge experiment, 188
  - therapeutic community and its benefits, 242
  - trial of discharge and aftercare of long-stay mental hospital patients, 125
  - turnover of psychiatric attendants, 95\*
  - turnover among Veterans Administration nursing assistants, 226\*

- volunteer's role in, 189
- ward behavior rating scale for mental hospital patients, 126
- HYPNOSIS**
  - personality decompensation after hypnotic symptom suppression, 129
- INFANTS**
  - fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
  - sciatic nerve injuries in, from intragluteal injections, 202
- INFECTIONS**
  - septic thrombosis of cavernous sinus, 133
- INSULIN COMA**
  - fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
- INTELLIGENCE**
  - comparison of childhood, adolescent, and adult schizophrenias: etiologic significance of intellectual functioning, 119
- ISOCARBOXAZIDE (MARPLAN)**
  - in depression treatment, 247
  - response of chronic schizophrenics to monoamine oxidase inhibitor, 62
- KIDNEYS**
  - metachromic form of diffuse cerebral sclerosis: significance of sulfatide and other lipid abnormalities in white matter and kidney, 132
  - potassium deficiency in anorexia nervosa, with reference to renal tubular vacuolation, 124
- LIPIDS**
  - metachromic form of diffuse cerebral sclerosis: significance of sulfatide and other lipid abnormalities in white matter and kidney, 132
- LYSERGIC ACID DIETHYLAMIDE**
  - in treatment of alcoholism and other psychiatric disorders, 247
- MAIN'S SYNDROME**
  - nurses's reaction to, 53
- MARPLAN**—*See Isocarboxazide.*
- MEDICOLEGAL ASPECTS**
  - common frontiers of psychiatry and law, 183
  - postgraduate courses in criminology at University of Cambridge, 37
  - of post-traumatic epilepsy, 115
  - psychiatric aspects of criminal responsibility, 183
- MEMORY**
  - focal lesions of brain and auditory and recent visual memory in man, 253
- MENTAL DEFICIENCY**
  - associative processes in mentally retarded, 245
  - behavioral differences between brain-injured and brain-deficit children, 253
  - community mental health approach to, 244
  - emotional adjustment of mentally retarded children, 242
  - trends in rehabilitation of institutionalized mental defectives, 189

## MENTAL FUNCTION

- mental abnormalities following subdural hematoma, 140
- MENTAL HOSPITALS**—*See Hospitals, psychiatric.*
- MENTAL ILLNESS**
  - attitude of industrial employers toward hiring of former state mental hospital patients, 125
  - evaluation of tranquilizing drugs in management of acute mental disturbance, 130
  - incidence of psychiatric illness among hospital out-patients: application of Cornell Medical Index, 55
  - social class and: implications for clinical theory and practice, 126
- MENTAL TESTS**
  - rating scale for depression, 127
  - thought disorder in schizophrenia: Chapman's tests of distractibility and associative intrusion in schizophrenia and organic brain disease, 58
  - ward behavior rating scale for mental hospital patients, 126
- MESCALINE**
  - biochemical findings in mescaline-induced state, 245
- METABOLISM**
  - metabolic error in schizophrenia, 117
  - nicotinic acid and cholesterol metabolism, 165\*
- METHACHOLINE**
  - response to, and patient improvement, 215\*
- MULTIPLE SCLEROSIS**
  - social incidence of, 141
- MUSCLES**
  - epidemic cervical myalgia, 133
  - intramuscular nerve endings in myasthenia gravis, 254
  - neurogenic muscular atrophy simulating muscular dystrophy, 136
- MYASTHENIA GRAVIS**
  - intramuscular nerve endings in, 254
  - pharmacologic basis of treatment of, 246
- MYOCLONUS**
  - clinical significance and approach to classification of, 142
- MYXEDEMA**
  - cerebellar syndrome in, 200
- NECK**
  - epidemic cervical myalgia, 133
- NERVES**
  - Bell's palsy: medical emergency, 142
  - benign neurologic disorders: sensory mononeuropathy, 136
  - cervical disk lesions with neurological disorder: differential diagnosis, treatment, and prognosis, 137
  - changes in nerve conduction with ulnar lesions at elbow, 254
  - epidemic cervical myalgia, 133
  - femoral neuropathy, 203
  - intramuscular nerve endings in myasthenia gravis, 254
  - ischemic neuropathy in necrotizing arteritis, 69

- nerve fiber degeneration in brain in amyotrophic lateral sclerosis, 251
- neurogenic muscular atrophy simulating muscular dystrophy, 136
- peripheral neuropathy in collagen diseases, 201
- rheumatoid neuropathy, 142
- sciatic nerve injuries in infants from intragluteal injections, 202
- tentorial nerves and localization of intracranial pain in man, 134
- trigeminal neuralgia and herpes simplex, 201
- NERVOUS SYSTEM**—*See also Central Nervous System; Nerves.*
  - amyotrophic lateral sclerosis syndrome, 250
  - causes of death in hospitalized veterans with neuropsychiatric disorders, 120
  - cerebrospinal fluid enzymes as function of age: effect upon significance of elevated values in diseases of nervous system, 65
  - cerebrovascular disease: analysis of 600 cases, 63
  - distribution of Lewy bodies in central and autonomic, in idiopathic paralysis agitans, 250
  - genetic, metabolic, and clinical study of cerebral palsy, 252
  - incidence and characteristics of Lewy bodies in idiopathic paralysis agitans, 66
  - “neck-face syndrome” related to phenothiazine drugs, 56
  - neurological sequelae of Salk vaccination, 203
  - pain, itch and vibration, 64
  - pharmacologic considerations in re-evaluation of neuromuscular synapse, 197
  - sensory mononeuropathy, 136
- NEUROLOGY**
  - singleness of purpose, 197
- NEUROSES**
  - neurotic symptoms and predisposition in aging people, 120
  - relevance of body image to, 52
- NICOTINIC ACID**
  - cholesterol metabolism and, 165\*
- NURSES**
  - Main’s syndrome and nurse’s reaction to it, 53
- OCCUPATIONAL THERAPY**
  - for long-term psychotic patients, 188
- PAIN**
  - itch, vibration and, 64
  - tentorial nerves and localization of intracranial pain in man, 134
- PARALYSIS**
  - paraplegia of sudden onset due to cirroid angioma of spinal cord, 201
- PARANOID STATE**
  - theory and therapy of, 128
- PARKINSONISM**
  - distribution of Lewy bodies in central and autonomic nervous systems in, 250
  - essentials in therapy of, 143
  - incidence and characteristics of Lewy bodies in idiopathic paralysis agitans, 66
- PERSONALITY**
  - as factor in habitual abortion, 243
  - personality characteristics of asthmatic children, 122
  - personality decompensation after hypnotic symptom suppression, 129
- PHENELZINE**
  - clinical and theoretical observations on phenelzine, antidepressant agent, 89\*
- PHENOTHIAZINES**
  - abnormal symptoms, signs, and laboratory tests during treatment with phenothiazine derivatives, 129
  - “neck-face syndrome” related to phenothiazine drugs, 56
  - response to, in schizophrenia, 223\*
- PHOBIA**
  - school phobia in adolescence: manifestation of severe character disturbance, 123
- POTASSIUM**
  - deficiency of, in anorexia nervosa, with reference to renal tubular vacuolation, 124
- PREGNANCY**
  - fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124
  - personality, life situation, and communication in habitual abortion, 243
- PROCAINE**
  - evaluation of, in geriatric patients in mental hospital, 18\*
- PROMAZINE**
  - comparative study of promazine and trifluopromazine in treatment of acute alcoholism, 51
- PSYCHIATRY**
  - adjustment of discharged geriatric psychiatric patients, 186
  - American Orthopsychiatric Association meeting, 235
  - analysis of types of treatment and exploration of utility of, 60
  - animism, observations on, 241
  - association of preadmission symptoms with social background in mental patients, 185
  - attitude of industrial employers toward hiring of former state mental hospital patients, 125
  - causes of death in hospitalized veterans with neuropsychiatric disorders, 120
  - community psychiatry as opportunity for medical leadership, 187
  - controlled study of after-care, 244
  - Directory of Outpatient Psychiatric Clinics* published, 164
  - dread of envy as aetiological factor in puerperal breakdown, 123
  - effect of chlorthalidopoxide on specific symptoms of psychiatric patients and facilitation of psychotherapy, 79\*
  - electroencephalography and, 251
  - generalized hospital as focus in community psychiatry, 192

- geriatric psychiatric patients in general hospital and mental hospital, 121
  - incidence of psychiatric illness among hospital out-patients; application of Cornell Medical Index, 55
  - LSD-25 in treatment of alcoholism and other psychiatric problems, 247
  - Main's syndrome and nurse's reaction to it, 53
  - medico-legal aspects of post-traumatic epilepsy, 115
  - methacholine response and patient improvement, 215\*
  - new horizons in psychiatric hospitalization, 240
  - organic therapy in pediatric, 243
  - psychiatric halfway hostel: Cambridge experiment, 188
  - psychiatric postgraduate courses at Indiana University, 225
  - psychic effects of psychotropic drugs, 246
  - psychodynamics of suicide, 57
  - psychological predisposition to alcoholism, 116
  - research training in, 162
  - stress response in group of chronic psychiatric patients, 191
  - symptomatic psychoses: position in psychiatry and psychopathologic symptomatology, 128
  - Third World Congress of Psychiatry, 50
  - trial of discharge and aftercare of long-stay mental hospital patients, 125
  - turnover of psychiatric attendants, 95\*
  - World Psychiatric Association meeting, 222
- PSYCHOANALYSIS**
- psychoanalytic theory of alcohol addiction, 184
  - as unified theory of human behavior, 190
- PSYCHOLOGY**
- dynamic, social sciences and, 41\*
  - psychological meaning of disulfiram (Antabuse) therapy: case of disulfiram-induced psychosis, 131
  - psychological and physiological changes at intravenously induced slurred speech threshold for ethyl alcohol, 7\*
- PSYCHOPATHOLOGY**
- defect, study of, 191
- PSYCHOPATHY**
- treatment of, 59
- PSYCHOSES**
- axial syndrome common to all psychoses, 127
  - chemotherapeutic trials in, 193
  - fluphenazine in treatment of, 34\*
  - intensive short-term treatment in day care facility for prevention of rehospitalization of patients in community showing recurrence of psychotic symptoms, 59
  - occupational therapy for long-term psychotic patients, 188
  - presenile psychoses and cerebral arteriosclerosis: pathogenic considerations, 54
  - psychological meaning of disulfiram (Antabuse) therapy: case of disulfiram-induced psychosis, 131

- pupillary reaction as measure of adrenergic-cholinergic mechanisms in study of psychotic behavior, 64
- rehabilitation of psychotics in community, 57
- symptomatic psychoses, position in psychiatry and psychopathologic symptomatology, 128

#### PSYCHOSOMATIC ILLNESS

- major psychotherapy of, 131

#### PSYCHOTHERAPY

- effect of chlordiazepoxide on specific symptoms of psychiatric patients and facilitation of psychotherapy, 79\*
- entering mind through sensory gateways in associative anamnesis, 196
- major psychotherapy of psychosomatic illness, 131
- in migraine, 70
- potency of, 106\*
- in schizophrenia, 248
- uncriticized assumptions in psychiatric thought, 62

#### PUERPERIUM

- dread of envy as aetiological factor in puerperal breakdown, 123

#### REFLEXES

- deep reflexes in old age, 196
- progressive loss of protective, with advance in age, 185

#### REHABILITATION

- effect of resocialization techniques on chronic schizophrenic patients, 56
- of psychotics in community, 57
- trends in rehabilitation of institutional mental defectives, 189

#### RESERPINE

- fetal damage due to ECT, insulin coma, chlorpromazine, or reserpine, 124

#### RESPIRATORY TRACT

- personality characteristics of asthmatic children, 122

#### SCHIZOPHRENIA

- comparison of childhood, adolescent, and adult schizophrenias: etiologic significance of intellectual functioning, 119
- diagnosis of, 118
- effect of resocialization techniques on chronic schizophrenic patients, 56
- experimental sleep deprivation in schizophrenic patients, 53
- longitudinal study of, 192
- metabolic error in, 117
- minimal requirements for theory of, 118
- predicting outcome of schizophrenic episode, 119
- thought disorder in schizophrenia: Chapman's tests of distractibility and associative intrusion in schizophrenia and organic brain disease, 58

#### family and:

- family triangle in, 241
- genetic factors in, 121
- “schizophrenogenic mothers,” 51

#### treatment:

- abnormal symptoms, signs, and labora-

- tory tests during treatment with phenothiazine derivatives, 129
- comparison of thioridazine, trifluoperazine, chlorpromazine, and placebo in treatment of chronic hospitalized schizophrenics, 151\*
- diagnosis and treatment, 118
- psychotherapy in, 248
- response of chronic schizophrenics to monoamine oxidase inhibitor, 62
- response to phenothiazines and placebo in, 223\*
- SCLEROSIS**
  - amyotrophic lateral, differential diagnosis of, 250
- SENSES**
  - profound experimental sensory isolation, 190
- SEX**
  - homosexuality syndrome in man, 241
  - male homosexuality and parental relationships, 240
- SLEEP**
  - experimental sleep deprivation in schizophrenic patients, 53
- SOCIAL FACTORS**
  - multiple sclerosis: note on social incidence, 141
  - social class and mental illness: implications for clinical theory and practice, 126
- SOCIAL SCIENCES**
  - dynamic psychology and, 41\*
- SPINAL CORD**
  - cervical disk lesions with neurological disorder: differential diagnosis, treatment, and prognosis, 137
  - symptoms and diagnosis of diastematomyelia, 67
  - trampoline and serious neurological injuries of, 199
- STRESS**
  - stress response in group of chronic psychiatric patients, 191
- SUICIDE**
  - psychodynamics of, 57
- SURGERY**
  - dilational hypervolemia during transurethral resection of prostate, 187
- SYNCOPE**
  - cerebral hemodynamics of, 249
- TESTS**—*See Mental Tests.*
- THIORIDAZINE**
  - comparison of thioridazine, trifluoperazine, chlorpromazine, and placebo in treatment of chronic hospitalized schizophrenic patients, 151\*
- THORAZINE**—*See Chlorpromazine.*
- TRIFLUOPERAZINE**
  - comparison of thioridazine, trifluoperazine, chlorpromazine, and placebo in treatment of chronic hospitalized schizophrenic patients, 151\*
  - in delirium tremens, 60
- TRIFLUPROMAZINE**
  - comparative study of promazine and triflupromazine in treatment of acute alcoholism, 51
- TUMORS**
  - paraplegia of sudden onset due to cirroid angioma of spinal cord, 201
  - brain:*
    - EEG changes in brain stem ganglia in relation to deep subcortical tumors, 138
    - electroencephalogram in subdural hematoma, 139
    - extradural hematoma: observations on 125 cases, 141
    - mental abnormalities following subdural hematoma, 140
    - serial electroencephalography in brain tumors and cerebrovascular accidents, 67
- TWINS**
  - observations on forty twin index cases with chronic epilepsy and their co-twins, 135
